AFTER HOURS SOCIAL HOUR

We had a relaxing after work meet up at the local micro pub, Fogorig, for a couple hours on June 15th. Tasty refreshments!

The next Social Hour will be Wednesday July 12th at Fogorig Brewery from 5-6 p.m. Please let Sam know if you are interested in attending!

We did not get enough response for our summer activity, so we will be hosting a couple of these social hours over the summer instead.

HAPPY BIRTHDAY!

How do you stop bacon from curling in the frying pan?

... take away its broom.. haha

FANS ON PRODUCTION FLOOR

With the warmer weather.. fans are great.

Please turn them off when you leave.

Thank you.

JOB UPDATE

The URGENT ONES:

21010- Caddell 2030 – Lets call this the current big push job to get completed and out as quick as possible (as in all hands on deck)

21005 & 21020– BL HARBERT to finish up

22019 MB220 – 7 cards rolling through the shop

The BIG ONES:

22018 – Wisconsin

22024 – Energy Plaza

22001, 22011,22012,22013 – you'll see some mock ups rolling through the shop. Once they are done and approved...the real work starts. Not too hard but lots of it.

22003 – Caesar's – The second batch should be hitting the shop in a few months – metal & our usual custom work.

23004 - Tesla is a complex job.... but has a small number of work orders – and the last of the biggest sections – ship out early next week – Thank you to everyone that took part in making this happen in a safe and controlled (damage free!) way.

We have a few smaller jobs coming up to fit in-between the big jobs.

The Stirling Library was a big success, so now we're helping out the Stirling Playground. Go Stirling!

Thanks for everyone's hard work.

We are closed Friday June 30th for the holiday and will reopen with regular hours on Monday July 3rd.

Stay safe and have a great Canada Day!
