

# MIRMIL NEWSLETTER

## MARCH 2023

### FOOD DAY

We will be having lunch on  
Wednesday March 15<sup>th</sup>.

### BIRTHDAYS

The following employees are celebrating a birthday  
this month:

- Kody Bootsma
- Mike Corrigan SR.
- Mark Englehart

### HAPPY BIRTHDAY!

### WORK ANNIVERSARIES

Happy Work Anniversary to the  
following Mirmil Team members:

- Steve Bentham – 1 year
- Kevin Huffman – 1 year
- Chris Ruff – 1 year
- Patrick Wise – 1 year

Thank you for all that you do!

### TRAINING

If anyone is interested in First Aid  
and/or Fall Arrest Training, please let  
Sam know.

### AWI MEETING RECAP

The last AWI session went through Veneers, pages 76-78, & PLAM (including Phenolic and MDF), pages 85-87. We covered different types, specs and defects for all categories that we order in or put together here. We all know what a knot is...do you know what a spike is? (page 94). What was interesting is the specs for “defects” (hint – knot or a burl) in a given area of panel.....want to know what those specs are? AWI booklet.... page 95.

Want to know how to cut veneer? Ask Julie, Lauren, Travis or Patrick.... Or work your way through pages 81 to 84 and the material rules ... pages 90-94 and the compliance requirement by species and layout type...pages 95-100. OOPS...got a different species...check out pages 101-105.

Right now, the veneer shop is working on blueprint matched veneer for our downstairs conference room (page 84). This is difficult at every step, through to mounting on the wall – because if one panel gets damaged.... everything gets replaced...

### **AWI TRAINING**

The next AWI meeting will be on March 2<sup>nd</sup> at 4:30 in the upstairs training room. This meeting will cover Section 5 – Finishing.

### **LOYALIST TRAINING**

Thank you to those that participated in the AutoCAD Training. We are planning to run a second training session in the fall to build on the skills learned during the first session.

### **ROTARY BEACH PARTY TRIVIA NIGHT**

The Campbellford Rotary Club is hosting a Trivia Night on Saturday April 15<sup>th</sup>. They are looking for teams of 8. If we have enough interest, Mirmil will pay to put a team in.

Please let Sam know if you are interested in participating by March 10<sup>th</sup>.

*Why do Irish people recycle? .. Because they like to go **green**.*
