

MIRMIL NEWSLETTER

WORK ANNIVERSARIES

Happy Work Anniversary to the following Mirmil Team members:

- Yale Botly – 1 year
- John Fortier – 1 year
- Melissa Hunter – 2 years
- Barb Merenyi – 1 year
- Julie Rowe – 3 years
- Ben St. Pierre – 5 years
- Patrick Mountney – 12 years

Thank you for all that you do!

APRIL 2024

EMPLOYEE LUNCH

OUR NEXT LUNCH WILL BE
APRIL 17TH.

BIRTHDAYS

The following employees are celebrating a birthday this month:

- Yale Botly
- Marc Caicco
- George Mangiarotti
- Lauren Moher
- James Petherick
- Lorraine Semple
- Trish Thompson

HAPPY BIRTHDAY!

ATTENDANCE EMAIL

Our attendance email is back up and running. If you are absent or running late, please email attendance@mirmil.ca.

EQUIPMENT UPDATE

We have the new compressor hooked up and running!

The MAKOR head has been replaced and we had some good training from HOMEG.

SOCIAL MEDIA UPDATE

We will be starting an “Employee Spotlight” post on social media once a month. Basically, we will highlight one employee per month with a picture, what you do, how long you’ve been with the company and the part you like the most about working for Mirmil. We will be picking people randomly but if you are not interested in partaking, please let Sam know. This will be shared on Facebook and Instagram.

SWIPE CARD REMINDER

Please remember to swipe in at the beginning of the day and swipe out at the end of the day. If you leave the premises for lunch, swipe out and swipe back in upon your return.

HOPPY EASTER EVERYONE!!!

JOB UPDATE

Thanks for everyone's help in getting the Wisconsin Conference Center through! We'll post some pictures once the site is complete.

22016 INTERCONTINENTAL, 22018 WISCONSIN, 23007 TOWN HOLLYWOOD are almost complete and shipped out.

23016 HARRAH'S we are getting most of the remaining material in so we can get it out.

23026 LIONS STREET is a job where quality is critical for this client. We'll need to look over each work order. I know we can do it!

23003 CAESARS – We have started this early based on confirmed dimensions. There are some large cards (WO 72 portals) and wall paneling (WO 79 – think Wisconsin) along with the usual.

We'll see a few smaller jobs coming up and another casino is in the works.

SAFETY SHARE

Keep up the great safety record as we get into spring – now that everyone has recovered from the time change.

Friendly reminder that if you do injure yourself, you need to report it to a supervisor or manager to fill out an Incident Report.

TRAINING UPDATE

The 3D printing course was a big success – and the machines are still available for use if you want to experiment with some prints.

The blueprint reading class (run on Thursday nights from 5:00 to 6:30pm) was interesting. We covered scope, client drawings, how to track down information on indexes, and creation of shop drawings.

The final class will be on Thursday April 4th. Everyone was tasked with bringing a question from the shop floor for discussion. Even if you haven't been to the previous classes but would like to get more information, please feel free to bring an example from the shop and we'll go over it.

How did the egg get up the mountain? it scrambled up ha ha ha

HOPPY EASTER EVERYONE!!!
